ABOUT

A juggler who has spent five seasons on the same stage

I am a Colombian circus artist, trained at Circo para Todos, the national circus school of Colombia (graduated 2017), and working professionally in Europe since 2018. Since 2022 I have performed five consecutive seasons at Leolandia, Italy, with the company Circo e Dintorni: daily stage shows, parades and themed events for family audiences, about ten months a year.

I work in ensemble shows and as a soloist, in character and in costume, on large stages and in close contact with the public. I also design and build LED props myself, so I can bring light numbers to night shows and events.

Disciplines	Juggling rings, diabolo, contact juggling, poi, buugeng, cube manipulation, clown and character work
Experience	15+ years in circus · 7 seasons in Italy · 5 seasons at Leolandia
Languages	Spanish (native), Italian (fluent), English (conversational)
Also	LED props designed and built by me (poi, buugeng, sticks) for night shows and events

REPERTOIRE

What I bring to a show

Rings
Ring juggling, solo or in duo.

Diabolo
In character, for themed and seasonal shows.

Contact juggling
Crystal ball, on stage or close to the public.

LED buugeng and poi
Light numbers with props made by me.

Cube manipulation
At the centre of a large ensemble show.

Clown and character
Comic roles, storytelling and play with the audience.

2025 · LEOLANDIA, ITALY · CIRCO E DINTORNI

Large-scale stage shows

The park's main show: a cast of dancers and circus artists, moving light, sparklers and a full stage set, performed several times a day through the season.

I perform the cube number as the featured act in the centre of the choreography, and take part in the ensemble scenes and the finale.

Photos: Pedon Trocie.

2026 · LEOLANDIA, ITALY · CIRCO E DINTORNI

Ensemble, duo and solo

A themed stage show built around a tarot reader. I play a jester-like character who connects the scenes: a rings duo with a dancer, a contact juggling solo, and comic moments with the audience.

Working in a long season means keeping the same quality in the first show of the morning and the last one at night.

Photos: Irene Barbiero.

CHRISTMAS SEASON · LEOLANDIA, ITALY

Themed seasonal shows

The park changes its shows for Halloween and Christmas. In the Christmas show I perform diabolo and rings as a toy soldier, inside a choreographed cast with dancers and singers.

New costume, new character and new staging every season, learned and rehearsed in a few weeks.

HALLOWEEN 2026 · LEOLANDIA, ITALY

Parades and walkabout

Outside the stage: parades, walkabout characters and street animation in the park. As a witch with a crystal ball I perform contact juggling in the middle of the crowd, a few centimetres from children and families.

I am comfortable improvising with the public, in Italian, Spanish or without words.

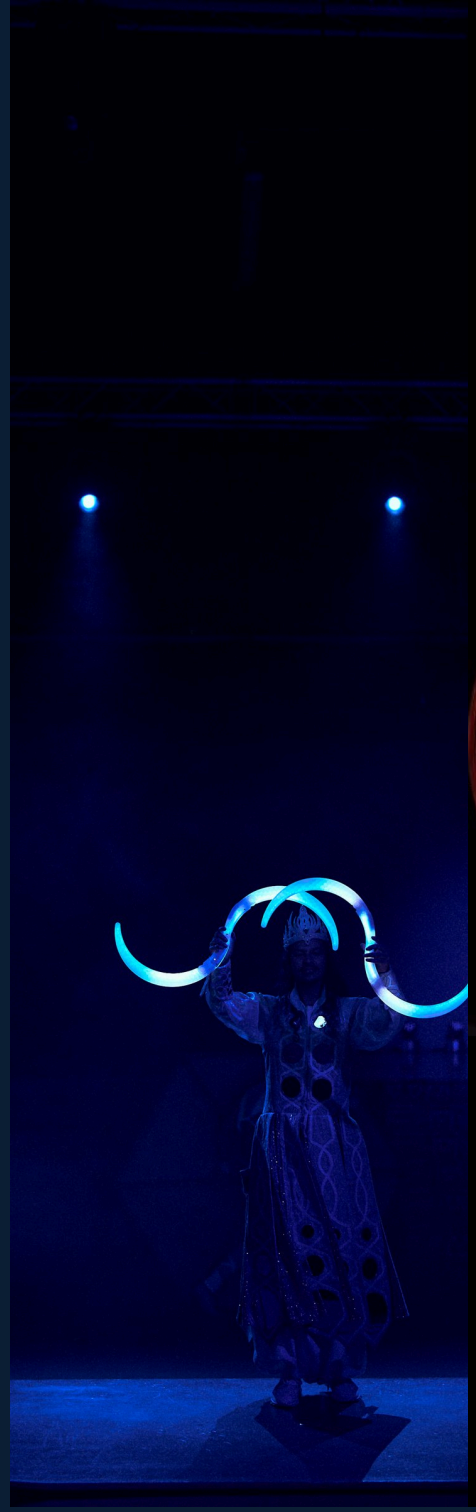

Photos: Irene Barbiero, Pedon Trocie.

NIGHT SHOWS AND EVENTS

LED numbers with props made by me

For night shows I perform with LED buugeng and poi that I design, 3D-print, build and program myself (my brand, Buflow). The props can show colours, patterns and images that appear in the air while they spin, and can be synchronised with the music.

Because I build them, I can adapt colours, images and timing to a show's theme, and repair them on tour.

LED buugeng, stage show, 2026.

An image drawn in the air by the poi.

LED poi around the body (long exposure).

2011–2026

Experience and training

CIRCUS AND LIVE PERFORMANCE

2022–2026	Leolandia, Italy, with Circo e Dintorni: five consecutive seasons of about ten months. Stage shows, parades, Halloween and Christmas shows.
